

Leonardo da Vinci & Michelangelo
had someone in common:

The Spirit of Northern Italy

By Marco P. Zecchin

A visionary sponsor!

What is a Visionary Sponsor?

Through his visionary financial sponsorship of Leonardo da Vinci and Michelangelo, Lorenzo di Medici helped create the finest art of the Italian Renaissance.

Become a visionary sponsor. Provide your financial support to create a unique work of art chronicling a decade photographing in northern Italy. Become – *a modern day Medici!*

My love affair with Italy comes from family heritage and my own spiritual connection to the Old Country. Since 1993, this love has pulled me back time and again to capture hundreds of photographs. Forty-six of which define my book *The Spirit of Northern Italy*.

What is *The Spirit of Northern Italy*? The weaving of old and new. A tapestry of tradition and modernity, honoring the past while creating the future. This creative tension is at the heart of my work.

Share in the dream of this book of fine art photographs and through your support – claim Lorenzo's legacy.
